In the matter of the above-identified application for United States Letters Patent and in regard to the Office Action mailed January 26, 2006, this Notice of Error is to notify the United States Patent and Trademark Office of the error made in the outstanding Office Action. Specifically, the cover sheet provides that the Action is a non-final action, but the text of the Action recites that it is a final action. The PAIR information likewise indicates that the Action is non-final in one entry and final in a different entry. Applicant requests that a new, corrected Action be issued and the time periods for response be reset.
